Douglas,

Thanks for picking this one up. Let me know if I need to get involved and if so I can take some time out of my day either tomorrow or Wednesday.

I know from legal's standpoint that language is a must. It would tie CID's hands as well as our enforcement folk's, it's not a negotiable item.

Also I wanted to let you know I found out from Kevin on Friday that he will probably not be attending the All States meeting. He indicated unless there is major progress on primacy and we are getting close that they need him to help out on their oil and gas backlog.

Kevin: see Lucita's comment (second to last page) and confirm that you will be able to incorporate this please. I will also be checking in with Craig by cell phone to ensure there are no other outstanding revisions for EPA. I will then get back in touch with you.

Thanks,

Douglas K. Minter

Greeting Kevin.

I have asked Lucita to review this document ASAP. Craig will be back in the office on Friday. Hopefully, we can respond before then, but I want make sure that our response is definitive so we all can be confident that this version is acceptable to all parties.

Thanks for your patience.

Subject: MOA

Douglas and Lucita,

I just received an automatic reply from Craig Boomgaard. I was hoping to finalize this MOA with Region 8 as soon as possible. I made changes to the MOA by incorporating EPA comments sent to me on 7/10/13. I am hoping to get this document final and signed by Lynn Helms by the end of the week. So I can once again mail the hard copy to you for the Regional Administrator's signature and replace the unsigned version in the Class VI primacy application.

Thanks

Kevin C. Connors
